Fleet Official Alarmed Over
Subsidy Bill's Chances.

E. P. Farley, until recently vice-president in charge of sales of the Emergency Fleet Corporation, and now returned to his former occupytion of ships broker, was in New York yesterday after a Pacific coast trip. He said he found business men in general and ships pring men in particular more cheerful and more active on the coast than here.

Mr. Farley expressed concern on learning that the ship subsidy bill is conceded little chance of success, and said that in the event of its failure the Shipping Board faces a tremendous problem is disposing of its fleet. By a shah in prices to \$10 or \$15 a ton, he billings, come of the vessels might be soid, but this almost certainly would result in an overtonnaging of the product in thinks, some of the vessels might be competition for the companies which countered intercoastal trade, the most remunerative field for American ship owners and would introduce ruinous competition for the companies which ecquired their vessels at higher prices.

The only alternative, said Mr. Farley, is the extremely difficult one of sales with restrictions as to operation, but this would have to be authorized by act of Congress.

MARINE NEWS NOTES.

A special meeting yesterday of the Jamaican section of the West Indies Conference decided to hold rates firm out of New York for the present, despite the rate war out of Gulf ports, which has brought the general level deeps for presents.

All members of the Ocean Associa-tion of Marine Engineers, including those in the shore and Diesel divisions, have been asked to a general meeting at 5 o'clock to-night in the club rooms at 15 Whitehall street to consider the winter entertainment and educational program of the association.

The new motorship Missourian, owned The new motorship Missourian, owned by the American Hawalian Steamship Company and operated by the United American Lines, arrived yesterday after her maiden voyage to the Pacific coast, thence to Europe and return. Her performance during the voyage of 20,000 miles, which began July 27, was pronounced most satisfactory by her officers, and no repairs whatever were required. During the last lap from Hamburg she averaged more than twelve knots. Fuel consumption was from 112 to 114 barrels of oil a day.

A freight man in the intercoastal business calculated yesterday that the average of recent rates has been \$11.50 at ton from Atlantic ports and \$8.50 from Gulf ports. These, he declared are remunerative and contradict recent reports of huge losses suffered in intercoastal operation.

T. H. Rossbottom, scheral manager of the United States Lines, made public yesterday a letter from A. D. Lasker, chairman of the Shipping Board, declaring that no changes whatever are contemplated in the management or operation of the Government's transcription of the line's employees and the ships' officers.

The Red Star liner Kroonland, in yesterday from Antwerp, had \$40,000 pounds of Swise cheese. Statisticians of the line calculated that the shipment should produce forty million sandwiches of the Broadway standard of thinness.
